## **BIG TRIUMPH FOR FIRST TIME START-UP IN THE STATE**

Vibhu is a student of mechanical engineering at Rajiv Gandhi Technical University in Bhopal. He joined B-Nest incubation project about year ago. Later, Vishu also registered his start up into a company. The start-up is working on autonomous drone application. His Idea is to create an intelligent drone.

B-Nest is continuously collaborating in this work. On the basis of which they have received the pre-seed investment of USD \$1.20 lakh under the Hong Kong-based accelerator program. Vibhu has recently demonstrated his technology and ideas in Tokyo and other cities too.

## **What are drone technology**

Smart City Company's Centre, B-Nest comes with the idea of creating a Vivid Intelligent Drone tech. Their Idea is to create Navigational based drones. In case of disaster or in the emergency situations, the drone can carry required items. For example, medicines and relief materials can be provided to the victims through a drone in the event of flood.

## **How vibhu got selected**

The technology on which Vibhu Tripathi is working is quite advance. He has been selected by the Hong Kong-based accelerator program. For this, investor interviewed through video-conferencing, telephones and other means and saw presentations related to technology and idea.

## SMART CITY: B-NEST'S INCUBATOR THE KABADIWALA GETS Rs. 3 Crore INVESTMENT

Bhopal Smart City Development corporation company limited (BSCDCL) B-Nest Incubator and start-up Kabadiwala has received an investment of Rs 3 crore. This is probably the first investment of such a large amount of a startup in the state. Smart city company has encouraged and helped the start-ups to achieve their goals. Start-up Kabadiwala was founded by Anurag Astati and Raghuvanshi. Famous company Unilever of Ahmedabad recognized the talent of both incubator Anurag Astati and Raghuvanshi and provided them with such a huge investment.

The start-up of Kabadiwala deals with online junk business. People can sell their junk by booking through the website. People can book time slots according to

convenience to sell junk. Startup is working in Bhopal besides Ahmedabad, Raipur, Aurangabad and Indore. There are about 50 thousand customers in these cities of Kabadiwala. As a startup, Kabadiwala is working on the plan to expand into other cities of the country.

### **Idea for start up**

During the engineering studies, the idea of online sell of junk came to my mind, said Anurag. He said that he had lots of junk in his house but he faced hard time to sell it because there was no buyer. From here, his idea was generated and he started the online business of The Kabadiwala. Since 2014, they have been working with their colleagues in the form of start ups.

## CYCLOTRON

500 PEOPLE DROVE 12 KILOMETER SMART BIKE FOR AWARENESS OF VOTER AWARENESS AND HEALTH

Bhopal Smart City Development Corporation Limited organized the Cyclotron on Sunday. About 500 people cycled 12 kilometers to spread awareness about voting in election and maintaining good health.

The children, women, the elderly and the youth participated in this in this event. Professional cyclists

were also involved in Cyclotron. The rally was flagged off by Mr. Sanjay Kumar, CEO of Bhopal Smart City Development Corporation Ltd. The former IAS Satya Prakash was also present on this occasion. Cyclotron started from Barkatullah University. During this people made voters aware through slogans .

Let the people know the benefits of getting cycling health. Smart Bike Racing's smart bike used in the smart city company in Cyclotron. At the end of the rally, ChaganLal, who used the smart bike of public bike picking 400 times a month, was honored by Smart City and Chartered Bike Company. In addition, 5 Bike Rider who used to be the most popular in the City of Smart City in the program was also honoured.

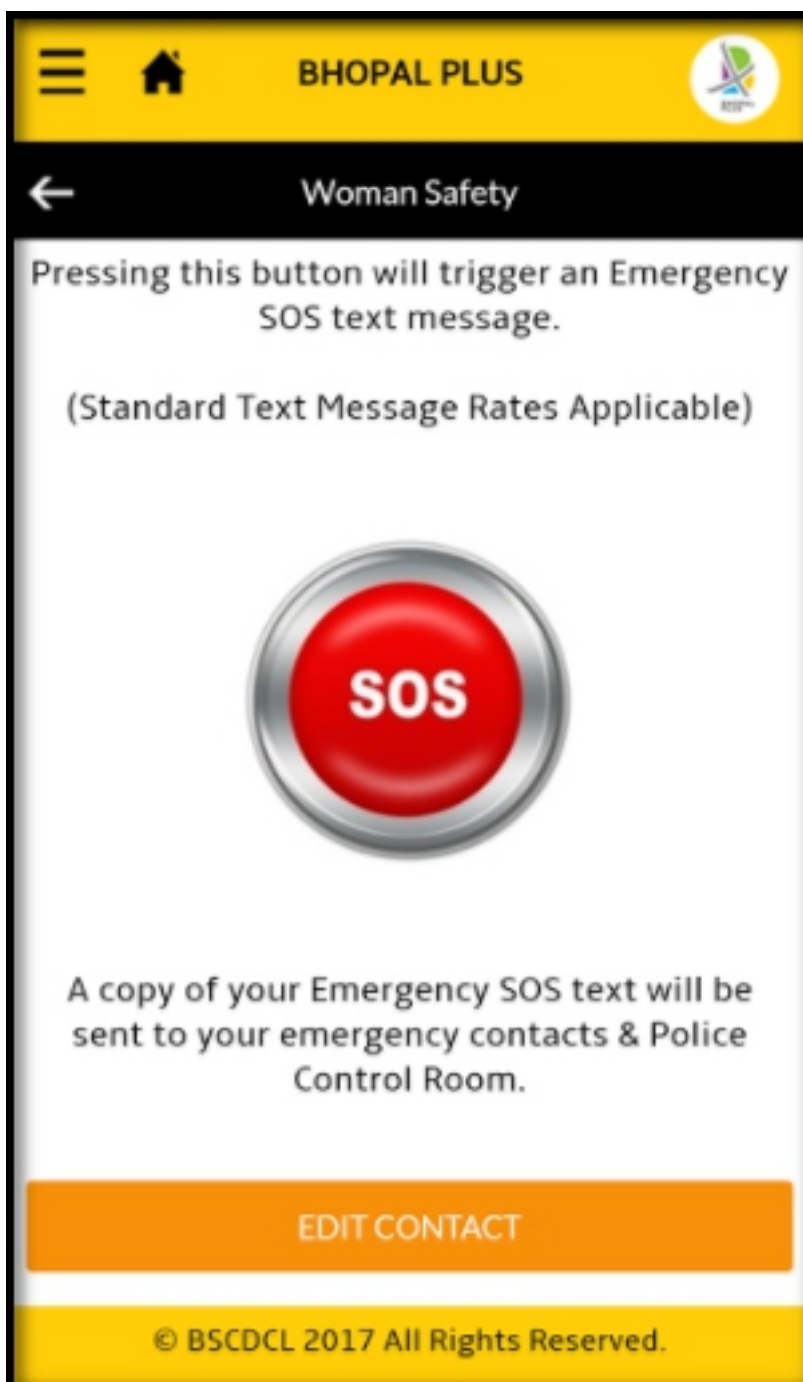

## Bhopal Smart City Development Corporation organizes Cyclotron

### 90 stations and 500 bicycles in the city

In the program, Shri Sanjay Kumar, CEO of Bhopal Smart City Company said that the number of full-fledged docking stations is being increased in order to increase the availability of public biking (PBS) bicycles. So that people can easily get bicycles available. Now, about 90 docking stations and 500 bicycles are being operated through PBS. Bicycle track has also been developed on Smart Road. Former IAS ShriSatyaPrakash said that cycling is a good option for being healthy. The smart city company is doing a good initiative to promote cycling.

# SMART CITY: WOMEN WILL GET EMERGENCY HELP IMMEDIATELY AFTER PRESSING THE BUTTON.

## Bhopal Smart City is putting safety on priority

Bhopal Smart City Development Corporation Ltd is going to take initiative for the protection of women and girl students in the capital. For this smart city is doing pin safety. On the basis of this, women safety kiosks will be installed in sensitive areas and the SOS button of Bhopal Plus app will provide immediate help to women in emergency situation.

This action has been initiated on the orders of Shri B Vijay Dutta, executive director of Bhopal Smart City Development Corporation Limited. Under this, such places are being

selected. Where there are no lights, people's movement is low, availability of open space, low visibility and public transport is not available. Such places have been selected. Safety kiosks will be installed at these places.

### **Panic Button for Emergency**

A panic button will be given in the kiosk to protect the woman or girl from any emergency. As soon as this button is pressed, the nearest police station, police control room and kin will reach. Simultaneously this panic button will produce its output in the ICC Board of Bhopal Smart City Development Corp. Ltd. Help will be provided to the immediate lady or student from here. Speaking through a panic button can also be asked for help.

### **SOS button on Bhopal Plus app**

The SOS button is available for the safety of women in the smart city's Bhopal plus

app. It also has a one touch button. There will be mobile numbers of three people. In case of any emergency by touching the button, the woman or girl students information and location will be appeared on given three mobile numbers and police control rooms. Police will act immediately to provide help to victims.

## स्मार्ट रोड 85 फीसदी तैयार दूधिया रोशनी से नहाई

जागरण प्रतिनिधि, भोपाल

पॉलिटेक्निक से डिप्लोमा बीएचए तक शहर की पहली स्मार्ट रोड का 85 फीसदी काम पूरा हो चुका है। स्मार्ट लाइट से ज्यादातर सड़क रोशन हो गई है। अब केवल सड़क निर्माण पूरा करने में कुछ मकानों का रोड़ा रह गया है। हालांकि, इस पर वाहनों की आवाजाही शुरू हो गई है।

भोपाल स्मार्ट सिटी डेवलपमेंट कॉर्पोरेशन स्मार्ट रोड का निर्माण कर रहा है। इसकी लंबाई करीब 3.5 किमी है। यह 30 मीटर चौड़ी बनाई जा रही है। स्मार्ट पोल लगाने बाकी है। इनसे मुफ्त वाई-फाई के साथ मीसम की जानकारी मिलेगी। फिलहाल भारत माता को सड़क रोशनी से नहाई जा रहा है।

### डेढ़ साल से चल रहा विरोध

स्मार्ट रोड के लिए अब एनआईटीटीओएर के पास अहाता क्लस्टर का, इसका नगर में बने 30-40 बच्चे मकान शिफ्ट किए जाने हैं। इनकी वजह से करीब 160 मीटर रिटिंगिंग बॉल और 250 मीटर सड़क का निर्माण नहीं हो पा रहा है। कच्चे मकान, दुकान तोड़ने का विरोध करीब डेढ़ साल से चल रहा है। कॉरपस के एबड तोड़-फोड़ के खिलाफ लगातार सड़क पर उत्रते रहे हैं। पहले भाजपा की सरकार होने के कारण निर्माण लगातार चलता रहा। कॉरपस के सस में आने के बाद विधायक व मंत्री पीसी शर्मा ने दो टुक कर दिया था कि स्मार्ट सिटी एरिया में ही प्रभावितों को शिफ्ट किया जाए। इसके बाद मकान तोड़े जायेंगे। या मामला नगरीय विकास मंत्री तक भी उठेगी ही पहुंचाया।

## सड़कों से वाहन हटाने में मदद करें व्यवसायी मल्टीलेवल पार्किंग में पार्क करें वाहन

भोपाल। बैठक के दौरान उपस्थित अधिकारी व आमजन।

हरिभूमि न्यूज ►► भोपाल

### जाम से मिले निजात

एमपी नगर को जाम की स्थिति से बचाने के लिए मल्टीलेवल पार्किंग का निर्माण किया गया है। सड़कों पर अवैध रूप से वाहनों को पार्क किया जाता है। इससे दिनभर यहां पर जाम की स्थिति बनी रहती है, जिससे किसी आपदा या हादसे में राहत कार्य पहुंचाने में काफी परेशानी आती है। इनसे बचने के लिए और क्षेत्र को जाम की स्थिति से बचाने के लिए इन वाहनों को मल्टीलेवल पार्किंग में पार्क किया जाए। यह बात जिला कलेक्टर ने मंगलवार को एमपी नगर स्थित मल्टीलेवल पार्किंग में पुलिस प्रशासन, निगम अधिकारियों और एमपी नगर के व्यवसायियों के साथ बैठक के दौरान कही। बैठक में कलेक्टर ने कहा कि, एमपी नगर में मल्टीलेवल पार्किंग की सुविधा सभी लोगों के लिए है।

सड़कों पर वाहनों को पार्क कर अतिक्रमण न करें। ताकि सड़कों का उपयोग डिजास्टर होने की स्थिति में आसानी से किया जा सके। बैठक में डीआईजी इरशाद वली, भोपाल स्मार्ट सिटी कंपनी के सीईओ संजय कुमार सहित अन्य अधिकारी मौजूद रहे। बैठक में डीआईजी इरशाद वली ने कहा कि, एमपी नगर के होटल्स व अन्य शोरूम संचालक सड़कों से वाहन हटाने में पुलिस की मदद करें। कार्रवाई के दौरान पुलिस व निगम अमले के साथ विवाद न करें। ताकि सड़कों से वाहनों को हटाया जा सके और बार-बार लगने वाले जाम से राहत मिले।

### लोगों के बनेंगे पास

बैठक में भोपाल स्मार्ट सिटी के सीईओ संजय कुमार सिंह ने कहा कि, व्यापारियों और लोगों के लिए मल्टीलेवल पार्किंग में मंथली रियायती पास जारी किए जाएंगे, जिससे लोग मल्टीलेवल पार्किंग का उपयोग ज्यादा से ज्यादा कर सकें। इसके लिए दो पहिया वाहन के लिए 150 रुपए एवं चार पहिया वाहन के लिए 450 रुपए दर निर्धारित की गई है, जिससे लोगों और व्यापारियों पर ज्यादा भार नहीं पड़ेगा।

## वीआईपी रोड पर लगने लगे सोलर पैनल

वीआईपी रोड राजाभोज सेतु के पास सोलर पैनल लगाए जाने का काम शुरू हो गया है। यहां लगाए जाने वाले सोलर पैनल से बनने वाली बिजली का इस्तेमाल वीआईपी रोड को रोशन करने के लिए किया जाएगा।

### COLLECTOR, DIG, CEO CONVENE MEETING AT MP NAGAR ZONE 1 MULTI-LEVEL PARKING

Empty parking: Authorities come up with concessional offers for bizmen

Warn of action against errant motorists  
OUR STAFF REPORTER BHOPAL

The authorities are employing carrot and stick approach to make the motorists abide by the traffic rules. While traders and hotel owners in MP Nagar Zone 1 are being offered concessional rates for multi-level parking, the authorities have warned errant motorists to face penalty. The parking inaugurated last month, mostly remain vacant as hotel owners and business persons here are using open spaces to park their vehicles. All the vehicles including four and two-wheelers could be seen parked outside hotels and business establishments, thus defeating the very purpose of developing a multi-level parking at the commercial hub of the city. Currently, less than 400 two-wheelers and similar number of four-wheelers are being parked in the new parking spaces. To motivate people to use multi-level parking, collector Sudan Khade, deputy inspector general (DIG) Irshad Wali and BSCDCL chief executive officer (CEO) Sanjay Kumar on Tuesday clearly chose way-out of their meeting, none other than the newly developed parking lot. Local businessmen, shopkeepers, traders were also called at the meeting as the authorities were eager to know the reasons for their reluctance to use the newly developed parking lot. The parking lot has all safety system and even the parking rates were very reasonable, then why it is not used, the authorities asked the traders. The businessmen were quite open in voicing their issues. They rued that the parking lot was too far and the visitors coming to hotels and show-

## CA aspirant launches car washing start up

An aspiring chartered accountant (CA) dropped out of the stream to pursue his dream of washing the vehicles, but there is a catch in that his technique drastically reduces the consumption of water. His idea was given a boost by the incubation center of the Bhopal smart city development corporation limited (BSCDCL). There he worked on the idea and now his start-up will take up washing of Bhopal city link limited's (BCLL) buses. Dipanshu Das, a resident of Baghmughal had been studying in Indore and was preparing for CA when he realized, he is good at washing car after studying some management subject here. He returned Bhopal and started working for steam wash technology for this technology saves water consumption by over 70 per cent. On the top of that it has several other benefits as the steam wash will remove the dirt from every angle from the four-wheeler, he added. He drove his van to the doorsteps of the two-wheeler owners initially and after he got opportunity to work inside the B-est of BSCDCL, he went places. He proposed the idea before higher authorities of BSCDCL and they allowed him to have a trial at BSCDCL for washing the buses. BCLL director Kewal Mishra says that it will be a good thing for us if our buses are washed like this. Nitin Dave, PRO BSCDCL said the trial for the project has already begun and if it materialised trial will begin at BSCDCL.
